Warsaw is a salubrious and refreshing destination because nearly half of the city is made up of green areas. There are 96 parks, of which the biggest and most beautiful is the Royal Łazienki Park and palace complex. One special green area is the right bank of the Vistula River, which is marked by its unspoiled, natural habitat - beavers, terns and even elk can be found there. Indeed, both banks of the river are considered to be the summer centres of the city. Here you can relax on one of the eight municipal beaches, rent sporting equipment, go on a bicycle tour along the river, or take a cruise on a traditional wooden boat. From May to September, there is also a free shoreto-shore ferry service. The recently modernised Vistula boulevards are very popular among walking enthusiasts. Art lovers should not miss a visit in a temporary exhibition space of the Museum of Modern Art in Warsaw – the Museum on the Vistula, located in the temporary premises on the banks of the river. Nearby, not far from the Royal Castle, there is the Multimedia Fountain Park, where many cultural events take place, such as Wianki, the summer solstice festival in June, and the Feast of the Vistula in September.

4.24

If you want to take a break from sightseeing, or simply to escape from the hustle and busthe Vistula boulevards, enjoy some light exercise in one of the open-air mini-gyms, go for a quick run in one of Warsaw's beautiful parks (try Pole Mokotowskie – you won't regret it!) or get in a kayak and go down the river to enjoy the panorama of the city from a totally different perspective. You will fect place for active lifestyle lovers. And the weather won't put you off, because in the winter season you will also find plenty of fun and active things to do – ice skating cross-country skiing in and around the city, and a visit to one of various hills is especially interesting for sledging enthusiasts. Come and fall in love with active Warsaw!

"PGE Narodowy" stadium – for touring, running, and thrilling emotions

In 2017, over 2 million people visited the "PGE Narodowy" stadium. The stadium itself and the grasslands around it are open for everyone from dusk to late evening, seven days a week. The venue welcomes both those who come for concerts and sports event as those who simply want to see it, and of course those who actively go in for sports themselves.

From the day it opened, the "PGE Narodowy" stadium has enjoyed unwavering popularity thanks to a wealth of diverse events held inside. It is not only a sports arena, hosting football and volleyball matches and motor sports competitions, or a venue for concerts attracting the biggest stars, but is also a home to many free-to-attend events and workshops promoting a healthy lifestyle and participating in sports.

The "PGE Narodowy" stadium offers a number of tours to those who want to take a closer look, giving everyone an opportunity to feel like a true fan by checking out the impressive stadium acoustics and entering the dressing rooms where Cristiano Ronaldo and Robert Lewandowski prepared for their matches during the European Championships.

Currently, the most popular tours are those developed around different themes: "Football Emotions", "Feel like a VIP", "A History Lesson" and ""PGE Narodowy" for a Junior".

The "Football Emotions" tour gives you an opportunity to see not only the field and the stands up close, but also the locations normally reserved for the players of the Polish National Team. The "Feel like a VIP" tour covers the areas visited by the "Football Emotions" tour, and adds additional stops in the luxurious facilities – e.g. the VIP lounges and the media stands – prepared for the most important guests visiting the "PGE Narodowy" stadium.

The "A History Lesson" tour follows the tracks of "PGE Narodowy" stadium "older brother", i.e. the no longer existing 10th-Anniversary Stadium. This tour visits, among other things, the lower stands, the players' area, the former players' tunnel, and the dressing rooms.

And the youngest visitors to the stadium are welcome to join the ""PGE Narodowy" stadium for a Junior" tour. Last year, two new tours were launched: ""PGE Narodowy" stadium for a Senior" and "Expressway through the "PGE Narodowy" stadium".

The visitors can also climb up to a Viewing Point in the upper stands from where they can admire a panoramic view of the "PGE Narodowy" stadium.

For anyone who would like to experience truly thrilling emotions, "PGE Narodowy" stadium offers a zip-line ride. Half a kilometre of cables, speeds exceeding 60 km/h, travelling around 50 m above the ground – this is what the "Extreme "PGE Narodowy" stadium" offers.

The "PGE Narodowy" stadium also organises a number of free-to-attend events promoting active participation in sports. Very popular are inline skating workshops where experienced instructors share their practical skills with young enthusiasts of the sport.

A nice crowd of people also gathers on Tuesdays at running training sessions conducted by experienced coaches.

For more specific information and a schedule of events organised at the "PGE Narodowy" stadium, visit the stadium's website at: www.pgenarodowy.pl. You can also download a free mobile app called "PGE Narodowy", available from both Google Play and the App Store.

Służewiec Racecourse finds itself among the oldest and most beautiful tracks in Europe. Służewiec Racecourse hosts flat races for thoroughbreds and Arab horses as well as harness racing. More than 50 race days are organized at weekends from mid-April until the end of November every season. Chief events for each of those include: in springtime – Spring Prize and Ruler Prize, Derby and Oaks Galas in July, Arabian Day and St. Leger in August as well as the Great Warsaw Race in September. Two renovated historical audience stands and beautiful green spaces have all been made available to the public. See more at: www.torsluzewiec.pl.

Cycling lanes, jogging lanes, harbours – enthusiasts of active leisure on the Vistula River have plenty to choose from! A special fitness trail winds along the "wild" right bank. If you happen to cycle in this neighbourhood, for example, you can use the climbing wall by the Świetokrzyski Bridge, do flatland skimming near the zoo, play volleyball and other things by the Poniatowski Bridge, or try your hand at archery once you reach Gocław.

The left bank of the river is primarily boulevards. On their new central stretch, you can find, among other things, trampolines and spraygrounds. It is well worth stopping at an outdoor gym and a workout zone by the Flotylla Wiślana Boulevard or the Czerniakowski Port, where you can find a wakeboard lift and volleyball courts.

More and more sailing opportunities are opening up all the time. From May on, the river is open both to large vessels, which will take you on an all-day cruise out from the city, as well as traditional wooden boats and kayaks offering hour-long pleasure cruises, e.g. at sunset. Also available are free ferries joining the opposite banks, which can be used for transporting bikes.

This coming season will see open-air training sessions of yoga, roller skiing and tai chi.
